CHOOSE THE PERFECT SIZE

The 7" SL75-LED is our most popular and works for countless applications.
The 4" SL65-LED will work great on shorter walls and corners.
The 12" SL85-LED is ideal for taller walls and will provide a wider coverage area.

Glare shield included with every SL65-LED, SL75-LED and SL85-LED

*Mounting bracket is removable for further applications.
Optional frosted lens is included with the fixture.*

LEDGE LIGHT INSTALLATION TIPS

*Scan this QR Code to watch the installation video.*

Use an existing joint to run the wire or use a grinder to create a new channel if needed

Be sure to leave slack at the front of the fixture in case a replacement is needed in the future.

Use the glare shield to reduce glare.

Install ledge lights every 8-12'
