

## APP-CONTROLLED RGBW COLOR-CHANGING LAMPS

**DIMMING** – From 1% to 100% to set the mood for outdoor living and make overall lighting more pleasing.

**COLOR TEMPERATURE CONTROL** – Tune individual fixture output infinitely from warm 2700K to silvery moonlight 4000K. Selectively amplify architectural colors and tones. Invigorate vegetation. Emulate moonlight.

**RGBW COLOR CONTROL** – Paint a landscape with rich, colorful light. Choose from up to 30,000 different custom colors in the wheel, plus easy pre-set colors.

**GROUPING AND THEMES** – Create custom lighting schemes to suit specific times of day, activities, moods or events. Adjust fixture color and dimming to create romantic, festive or relaxing scenes. Celebrate family events, holidays, sporting events with customized color.

**REMOTE CONTROL** – Individual lamp on/off controls from the convenience of the Alliance bt app.

Request a copy of our bt How-to Guide for complete design, installation, and operation information.

Visit [AllianceOutdoorLighting.com](http://AllianceOutdoorLighting.com) for more information.

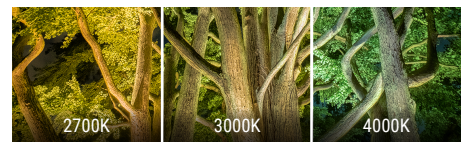

Add the app-control capabilities of Alliance's bt System to existing lighting fixtures with bt ALLY drop-in lamps. Lamps are available to fit all standard fixture types.
