

## REACH HIGHER, Shine Brighter.

NEW high lumen output fixtures from Alliance help you reach new levels of lighting performance. Get the impressive impact you need to light tall trees, flagpoles, and multi-story structures.

## All "95 Series" fixtures offer:

- 11 watt, 1200 lumen, 3000K powerful LED light engine
- 40-degree beam spread
- Match line-voltage fixture performance with a low-voltage fixture
- Contractor-friendly installation

## Experience the impact on your next project. All models are available now.
