

GOLF50-BT **bt**

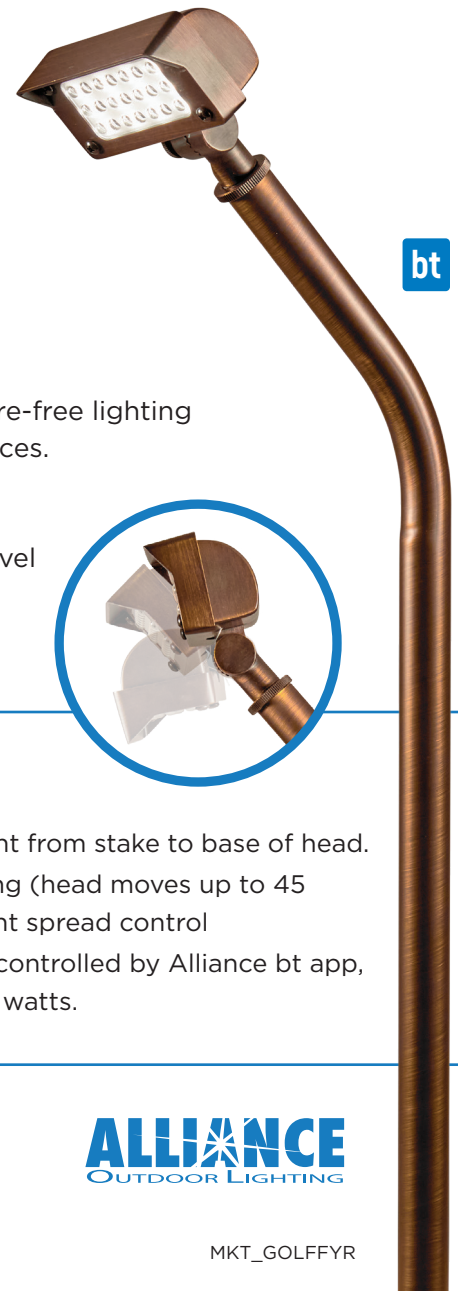

THE RIGHT LIGHT

for Putting Greens... and More!

Extend your customers' enjoyment of outdoor play areas after dark.

Alliance's new GOLF50-BT is custom-engineered to provide wide-area, glare-free lighting of putting greens, lawn bowling / bocce courts and other outdoor play spaces.

- Gooseneck design with aimable head for even wide-area illumination
- Glare is minimized because light is directed downward, below knee level
- Onboard Bluetooth®-app-controlled RGBW module for tunable white, colors and dimming

APPLICATIONS

- Outdoor play amenities including putting greens, tee boxes, lawn bowling, bocce, shuffleboard and putt-putt.
- Perimeter directional illumination of residential driveways, motor courts and parking.

KEY SPECS

- 23" overall height from stake to base of head.
- Rotational aiming (head moves up to 45 degrees) for light spread control
- RGBW module controlled by Alliance bt app, 2-6 lumens, 2-6 watts.
