

ALLIANCE MINI LIGHTS: YOUR SECRET WEAPON FOR SMART, SUBTLE LIGHTING.

Not every lighting job is a simple path light or uplight situation. Sometimes, you're looking at a job site thinking, *How the heck do I light this without overdoing it?* That's where our Mini Lights come in — small but mighty problem solvers designed for those tricky spots where standard fixtures are just too much.

ML45-LED: 0.64 W | 33.8 LM

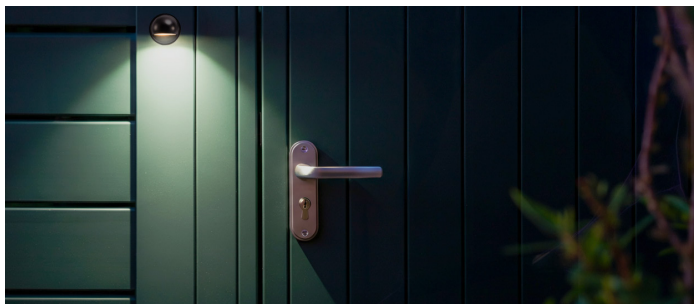

ML55-LED: 0.19 W | 11.6 LM

ML45-LED & ML55-LED: THE BEACON LIGHTS

Need to mark an edge without making a scene? The ML45 and ML55 are your go-to for subtle, low-profile marker lighting. Think dock edges, driveway perimeters, deck steps—anywhere you need a soft, guiding glow that disappears during the day but does its job at night.

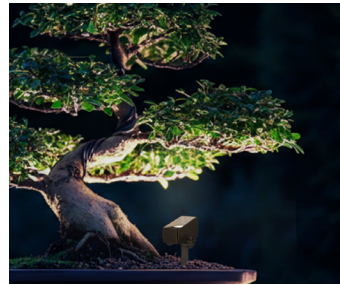

ML35-LED: 1.3 W | 130 LM

ML35-LED: THE PERIMETER AND GATE LIGHT

This compact fixture features a domed directional shield that focuses light downward, creating a soft pool of light for fences, gates, and deck posts. It's ideal for perimeter lighting, narrow side yards, or illuminating entry hardware on gates—all while staying out of the way of foot traffic. Perfect for creative path lighting when traditional fixtures aren't an option.

ML15-LED: 1.3 W | 135 LM

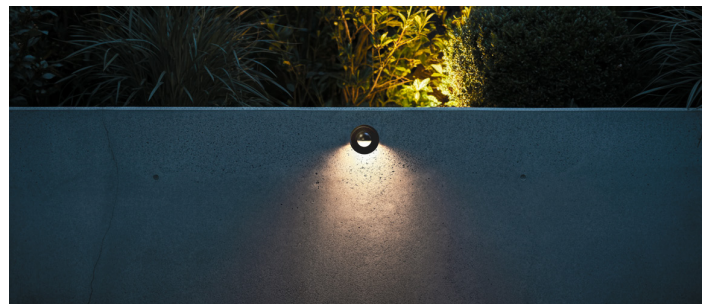

ML25-LED: 1.2 W | 120 LM

ML15-LED & ML25-LED: THE DETAIL SPOTLIGHTS

Some things deserve a highlight, but standard fixtures would absolutely overpower them. Enter the ML15-LED and ML25-LED —precision lighting for small, detailed elements. Perfect for accenting a Japanese lantern, bonsai tree, sculpted planter, or any feature that needs just a touch of warm, focused illumination.

ML65: 2 W | 150 LM

ML65: THE HARDSCAPE SPECIALIST

With its half-dome directional shield, the ML65 is perfect for marking steps, hardscape edges, and other structured spaces. Whether installed vertically for step or beacon lighting, or horizontally along hardscaped boundaries, this fixture offers a durable, low-profile solution for defined spaces.

MKT_FLYR_MINILIGHTS

The Alliance Mini Light Series: purpose-built solutions for lighting designers who need control, subtlety, and versatility.
