# PREMIUM BLACK OVERCOAT

## THE NEW STANDARD FOR BLACK FINISH

Our Premium Black Overcoat fixtures go beyond aesthetics— they're made from solid brass, so they won't corrode like aluminum alternatives. With a finish that's cured into the metal for a strong bond, they're designed to handle the elements and stand the test of time.

### PERFECT FOR:

- ✓ Modern & Minimalist
- ✓ Mid-Century Modern
- ✓ Farmhouse & Rustic
- ✓ Industrial
- ✓ Traditional
- ✓ Contemporary & Eclectic

### WHAT MAKES OUR PREMIUM BLACK OVERCOAT DIFFERENT?

- ✓ **SOLID BRASS CORE - NOT ALUMINUM** - No corrosion, no failure.
- ✓ **MULTI-STEP PROCESS** - A durable black finish that won't fade.
- ✓ **OVEN-CURED** - The strongest black finish in the industry.
